<b>Discussion Item</b>	Legislative Report
<b>Background</b>	<p>With approximately three weeks left in the Legislative Session, decisions are beginning to be made. There is a lot of good news!</p> <ul style="list-style-type: none"> <li>• The Preemption of Rent Control Bill, which was to have been heard on Wednesday, March 21, is being withdrawn. There will likely be an effort to study the issue over the summer, so we may have a more serious battle on this topic next year.</li> <li>• The Street Lighting Bill was adopted by both houses and made effective as of June 1, rather than the normal July 1 or October 1 dates.</li> <li>• The Condo Conversion Notice Requirements Bill was adopted.</li> <li>• The Senate has passed the Mercury Switch Removal Bill. We are waiting to see if the House will approve it as well.</li> </ul> <p>On Saturday, March 10, presentations on the Community Center bond bill request were made. The presentations were very well received, but we are not assured of receiving any money.</p> <p>Staff plans to submit testimony supporting SB 130 / HB 611, which raises the amount of the State payment per police officer and builds in an inflation adjustment for the future. The bill is to be heard in the House on Monday, March 19.</p>
